Calling 9-1-1

Each year, in Canada,
over three million
calls are made to
emergency services by
cell phone Samaritans.
When calling 9-1-1 in
an emergency situation,
here are some
tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.

People who are ready to buy turn first to the TELUS Directory. If you have something to sell or a service to offer, here's the place to tell about it. TELUS Advertising Services places your name, address and telephone number before the buyer at the very moment he wants your product or service. Call the business office for information.

How to be a Local Hero

Imagine a Canada where people make giving an important part of their lives. Where they make time in their busy day to think about how much they can really give, in time and in money. Where they don't wait to be asked to help. Imagine the rewards of being one of those people. Be a Local Hero.

Telephone service is a friendly service. The people who operate and maintain it take a genuine satisfaction in serving you pleasantly and well. People who use the telephone a great deal find that friendliness is an instinctive habit. The telephone helps folks to know each other better.

Feel better about funeral arrangements in 3 minutes ~ or less.

When you're faced with the responsibility of making funeral arrangements, the last thing you need is even more pressure. So before you decide on a funeral service provider, arm yourself with the information you need to make an informed choice: call Personal Alternative® Funeral Services.

Three minutes is all we need to demonstrate the major difference between ourselves and the expensive, traditional funeral homes to which you may be accustomed. We'll explain, in plain language, how we can provide the exact level of service you desire at a cost substantially lower than you'd expect.

We'll visit you in the comfort of your home to help you achieve the arrangements that suit you, and explain the affordable options.

Invest a few minutes to discover how Personal Alternative® can help you make funeral arrangements with much less financial and emotional stress.

Calling 9-1-1

Each year, in Canada, over three million calls are made to emergency services by cell phone Samaritans. When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.
