Calling 9-1-1

Each year, in Canada over three million calls are made to emergency services by cell phone Samaritans. When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.

How to be a Local Hero

Feel Good

Give your time or money to a cause you believe in and see how good it makes you feel. The nice thing about being a Local Hero is that you always get back more than you give. Be a Local Hero.

**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**
You can talk over matters at once.
Promptness often prevents loss of
a customer.
You can build closer relations with
customers.
You can use tact in delicate situa-
tions. And because people talk more
freely than they write, you can fre-
quently trace the real reason for the
complaint and prevent similar com-
plaints in the future.

Calling 9-1-1
Each year, in Canada,
over three million
calls are made to
emergency services by
cell phone Samaritans.
When calling 9-1-1 in
an emergency situation,
here are some
tips to keep in mind:

1. Advise the operator you are
speaking on a cell phone.
2. Give the operator your
10-digit cell phone number,
along with your full name.
3. Provide your exact location.
If you don't know the exact
location of the incident,
try to mention landmarks
or highway signs in the area.
4. Stay on the line until the
operator says it is ok
to hang up.
5. After you've hung up, leave
your cell phone on in case
the operator needs to call
you back.
