**96-98%  
efficient.\***

\* Efficiency certified and approved  
by the Canadian Gas Association

That's the remarkable fuel performance. Up to 43% more efficient than many existing gas furnaces. No pilot light. No burner. Requires no chimney. Dimensions are just 49 x 26 x 21 inches. A spark plug replaces the conventional pilot light. Once started it feeds upon itself at the rate of 60 to 70 times per second. Can readily accommodate Lennox Central Air Conditioning, Electronic Air Cleaner and Power Humidifier.

- 20 year warranty on the heat exchanger.
