SEWING MACHINE DEALERS AND REPAIRERS

**ONLY
BERNINA
ELECTRONIC
PERFECT-
STITCHES
EVERY
FABRIC**

with no tension adjustment

From silk to stretch to suede, only Bernina can make this sweeping statement because it is the only machine that can penetrate fully, through thick and thin without puckering or thread-snapping. And, the beauty of Bernina is that it adjusts its own tension, automatically! Swiss engineering makes sewing so simple and every stitch so perfect.

Bernina has a built-in fabric sensor to ensure an even, unpuckered line on any fabric, including the hard-to-sew stretch. In fact, Bernina's super stretch stitch can be picked out, easily, if and when necessary.

Bernina is the leader in its field, embodying every facet of automatic sewing, from basting to buttonholing. Bernina is a lifetime 'blue chip' investment, a masterpiece of Swiss engineering, made to last and last!

So, enjoy sewing on any fabric you please... there isn't a chance you'll spoil it... not on a Bernina! Test sew a Bernina today. You'll wonder why you didn't do it sooner!

"he" is your advertisement in the City Directory

Yes, your advertisements in the City Directory will do a good selling job for you — at an amazingly low cost. These advertisements are "salesmen" who are on the job constantly which means they're representing your firm at that most opportune moment — when the prospects are ready to buy!

**This "Salesman" covers unlimited territory
and is ALWAYS on the job when
they're ready to buy!**

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service — of an indefinite nature — and questionable value — to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!
