The

Telephone Directory

A Good Investment

THE man who advertises wisely invests his money so that it will produce good dividends.

* * *

An Advertisement in the Alphabetical Section of the Telephone Directory is an investment that gives you the widest publicity you can obtain, at a minimum of cost. A series of head or foot lines, running through this section of the book, will familiarize the public with your name, and the service or commodity in which you specialize, to an extent that no other advertising medium can equal.

* * *

The Classified Section of the Telephone Directory brings you into direct touch with buyers—It reaches them at the psychological moment—when they want to buy something. Be sure that every branch of your business is properly classified—otherwise your trade may go to those who have availed themselves of the opportunity you have neglected.

* * *

Directory advertising is both effective and economical—Every time the Telephone is used the advertisements in the Directory become active salesmen!

* * *

Keep your name constantly before the buying public by advertising in both sections of the Telephone Directory, and the persistent reiteration of your sales message will prove to be a sound investment that will earn increased dividends for you.

* * *

DO IT NOW!
