LONG DISTANCE CALLS ARE CLASSIFIED

STATION-TO-STATION CALLS *When you will speak to anyone at the distant telephone.*

This type of call meets most needs and is at the lowest rate. It is the simple basic call, requiring only the connecting of two distant telephones.

PERSON-TO-PERSON CALLS *When a particular person is desired.*

Entailing, as it does, more labor and longer use of lines, this type of call takes a higher rate. In the event of the call not being completed a small charge is made for reports furnished.

These Special Services Are Also Available

Appointment Calls . are made when a particular person is required at a specified time. The operator makes the appointment with the distant party.

Collect Calls When called party is requested to pay for and accepts charges.

Messenger Calls . . are made when the called party cannot be reached by telephone and a messenger is sent to bring the party to the telephone.

Appointment and Messenger Calls are on person-to-person basis.

Alberta Government Telephones, CALGARY

In an Emergency

The **EXTENSION
TELEPHONE**
is invaluable

*Alberta Government
Telephones*

*“I want my telephone
put back, please”*

HARDLY a day passes but that some person who gave up his telephone service in recent months orders it restored. In many cases, people feel that it is false economy to be without a telephone . . . that the small cost of the service is repaid many times each month in convenience, in time and actually in money saved.

Some miss the close and personal contact with friends that telephone service makes possible. Others mention the loss of many pleasant, impromptu social “get-togethers” when their friends are unable to reach them by telephone.

It is all true . . . what these customer friends of ours say: Telephone service costs so little and its value is so great that in most instances it really doesn't pay to try to do without it.

If *you* are missing your telephone . . . just get in touch with our business office. We'll send a man out with a telephone in a hurry.
