A HEAVY LOAD

Shoppers each year carry some
1,400 pounds of groceries home
for each person in the family. The
load, however, is about 100
pounds lighter than it was in the
1940's — partly because of
increases in food processing,
partly because of changes in
consumer tastes.

DANGER?

Charcoal fires produce carbon monoxide. In case of rain while doing outdoor cooking, do not drag the charcoal cooker inside a closed garage or porch. The biggest enemy of carbon monoxide is fresh air.
