"what YOU should"
know about your .. SEPTIC TANK

ANNUAL
FREE INSPECTION
ON SEPTIC TANK RISERS

If your tank is not cleaned in time, it will overflow inducing solids into your finger system. You will be unaware of this until it backs up into your house sewer. The septic tank then must be uncovered, cleaned and finger system relocated. This is a costly undertaking, perhaps very damaging to your lawn and emphasizes the need for periodic inspection and cleaning.

A HEAVY LOAD

Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.

FURNITURE STAIN REMOVER

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

MORE INSTANT COFFEE USED

Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.

PAINTER'S TIP

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.
