"what YOU should"  
know about your.. SEPTIC TANK

OWNED AND  
OPERATED BY  
NORMAN WITTEURONGEL

If your tank is not cleaned in time, it will overflow inducing solids into your finger system. You will be unaware of this until it backs up into your house sewer. The septic tank then must be uncovered, cleaned and finger system relocated. This is a costly undertaking, perhaps very damaging to your lawn and emphasizes the need for periodic inspection and cleaning.

**DANGER?**

Charcoal fires produce carbon monoxide. In case of rain while doing outdoor cooking, do not drag the charcoal cooker inside a closed garage or porch. The biggest enemy of carbon monoxide is fresh air.

One good turn is to the **YELLOW PAGES**: another is to tell the man you found him there.

## FRONT COVER STORY

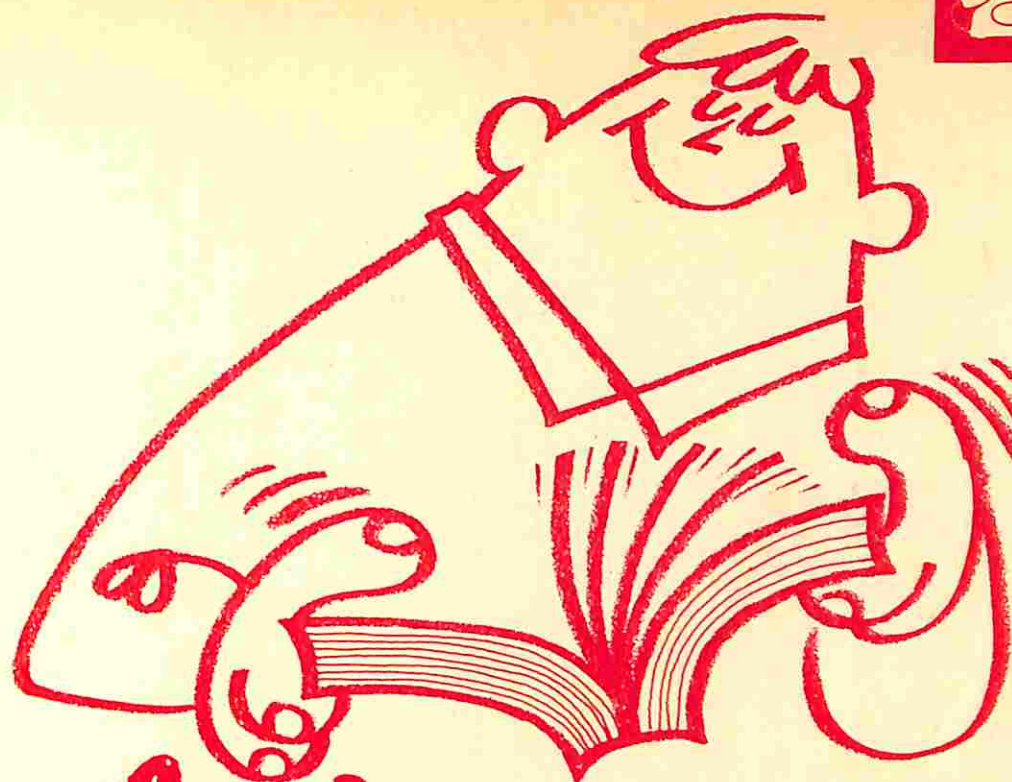

**A COLORFUL HIGHLIGHT:** The dun-colored gumbo flats and slopes in southern Alberta are home to the showy butte primrose (*Oenothera caepitosa*), often referred to as the rock rose. Growing from a wide rosette of deep green leaves, these sweet-scented white flowers change to a dusty pink as they weather in the sun.

The painting on the cover of this directory, one of a series illustrating the beautiful and varied wild flowers of Alberta, was prepared by an Alberta Government Telephones graphic artist. Reprints of this and other flowers in the series are available on request.

# How fast can you flip?

**TRY THE *FLIPPER* TEST.  
USE THE TELLTALES  
TO FIND NAMES  
AND NUMBERS FAST!**

Flip through your phone book. Notice the names printed in black type at the top corner of each page? They're just like the guidewords in a dictionary. We call them *Telltales*.

With them, looking up phone numbers is finger-flipping fast. *Try it.* Get the Telltales habit. You'll soon be hooked on the convenience.

**Look it up yourself. It's faster!**
