“what YOU should”  
 know about your ..SEPTIC TANK

OWNED AND  
 OPERATED BY  
**NORMAN WITTEURONGEL**

If your tank is not cleaned in time, it will overflow inducing solids into your finger system. You will be unaware of this until it backs up into your house sewer. The septic tank then must be uncovered, cleaned and finger system relocated. This is a costly undertaking, perhaps very damaging to your lawn and emphasizes the need for periodic inspection and cleaning.
