**MORE INSTANT COFFEE USED**

Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.

**MORE INSTANT COFFEE USED**

Canadians are drinking less coffee, or  
at least using fewer beans, than in the  
late 1940's. Part of the drop is due to  
introduction of instant coffee during  
the 1950's. Instant products now  
make up nearly one-fifth of total cof-  
fee consumption.
