DIALING INSTRUCTIONS

MAKING THE MOST OF TELEPHONE SERVICE

Today's telephone equipment is engineered to give you a marvellously high standard of service — but a little help on your part can make your telephone service work even better for you.

CORRECT DIALING SAVES TIME AND FRUSTRATION

How you dial is important. It can ensure that your call goes through quickly and easily, and save you the annoyance of re-dialing.

- Before dialing, make sure you have the correct number in front of you. Look it up — and jot it down.
- Lift the receiver and listen for the dial tone. When you hear it, dial ALL SEVEN DIGITS of the local number you wish to reach.
- Please don't delay between dialing each digit. But do make sure you turn the dial all the way around to the finger stop.
- Let the dial roll back of its own accord before you dial the next digit.

RURAL CUSTOMERS

2 TO CALL A NUMBER ON YOUR OWN LINE

- (a) Lift the receiver. If the line is free, push in the Call Button or press the Hook Switch Latch.
- (b) Listen for the dial tone, then dial the number as listed in the directory.
- (c) When you hear the busy signal, depress the hook switch until the Call Button or Hook Switch Latch releases and listen.
- (d) When your party answers, push in the Call Button or press the Hook Switch Latch and proceed with your conversation.

3 IF THE CALLED PARTY DOES NOT ANSWER

4 TO ANSWER A CALL ON YOUR OWN TELEPHONE

Telephone security

ANNOYANCE TELEPHONE CALLS

Here's what to do about obscene or harassing phone calls:

- 1 DON'T TALK.** Don't keep talking to the caller. What they really want is an audience. Don't be that audience.
- 2 HANG UP.** Hang up if the caller doesn't say anything. Hang up at the first obscene word. If they do not identify themselves to your satisfaction, hang up. Do it quietly, don't display your emotions or alarm.
- 3 CALL US.** If these obscene or harassing calls persist, call our nearest Business Office - you'll find the listing on page 1 of your directory under "Frequently Called A.G.T. Numbers". After normal business hours please dial '0' (Zero) and report the matter to the Operator.

The Criminal Code provides up to six months in prison and \$500.00 in fines for making an obscene or harassing calls. We also retain the right to disconnect or remove the phone service of anyone making such calls. We want you to know that we're doing all we can to help you and your family.

IDENTIFICATION OF AGT EMPLOYEES

For your protection, every AGT employee carries a photo identification card. The plastic laminated card bear the company name plus the employee's photograph, description and signature. If in doubt, ask to see this I.D. Card. Any genuine AGT employee will show it to you without hesitation.

THE 'BEEP' TONE

If you hear a short beep tone about every 15 seconds it indicates that the person to whom you are talking is recording your conversation with an electrical recording machine connected to the line. The beep signal is produced automatically by a device which connects the recorder to the telephone line and is provided by AGT for your protection. If you do not want your conversation to be recorded ask the person to whom you are talking to disconnect his recording machine. When this is done the signal is no longer heard. Use of a recorder without the beep signal is not permitted.

LONG DISTANCE CARD SECURITY

Protect your long distance card. If it is lost or stolen, report this immediately to your AGT Business Office. We'll cancel the card and issue a new one promptly.

THE WRONG WAY TO 'FOIL BURGLARS'

Leaving the phone off the hook may alert burglars that you're not home! A continual busy signal is a give-away. Lights and radios left on are better ways to discourage break-ins.

GENERAL INFORMATION SERVICE TIPS

● Building Industry Consulting Service . . . phone 232-1511 (Collect)

Architects, Contractors, Developers, Engineers . . . telecommunication is as important to tenants as power and plumbing. Build communications needs into the total project design by involving BICS at the preplanning stage. Consultation costs nothing and eliminates the risk of costly, space-consuming additions or alterations later.

● Buried Cable Location Service . . . Dial "0" (Zero) and ask for Zenith 07128 (no toll charge)

Before you operate heavy digging equipment — or dig in your own backyard — call AGT to locate underground cable in the vicinity. Call well in advance (at least 48 hours).

● Business Communications . . . MEDICINE HAT CUSTOMERS.....Call 529-3311 DISTRICT CUSTOMERS..... (No Toll Charge) 1 + 529-3311

Don't wait for a communications problem to develop. Call for a consultation. We'll put our knowledge, training and the resources of AGT and the TransCanada Telephone System to work for your company.

● Cable Pedestals

Should you accidentally damage one, please call our Repair Service or dial '0' and ask for Zenith 07128. Thank you.

● Country Telephone Service

Buried cable service lines make it important to start planning early for your Rural telephone service installation. AGT needs plenty of advance notice so that your phone service will be ready when you are. To apply for rural telephone service, call your AGT Business Office.

● Vacation Disconnect

We'll disconnect your phone service for the time you're away. No unauthorized calls can be made and charged from your telephone. Anyone dialing your number will be automatically connected to a recorded announcement.

Changing Address?

1. The Postal Code is part of the street address, so leave your old code behind — there's a new one waiting at your new address. To find out what your new code will be, call your local Postmaster. The best time to call is as soon as you know your new address.

2. Canada Post will provide you with as many Change of Address Announcement Cards as you need. Simply fill them out and mail them to everyone who sends you mail: friends, relatives, magazines, utility companies, banks, credit accounts, etc. You'll enjoy uninterrupted mail service if everyone knows your new address (including Postal Code).

When you move, make sure that your mail moves with you !

3. For a small service fee, Canada Post will automatically redirect your mail to your new address, beginning the day you move in. Remember, though, that this service doesn't notify your correspondents of your new address; use Change of Address Announcement Cards for that.

MORE INSTANT COFFEE USED

Canadians are drinking less coffee, or at least using fewer beans, than in the late 1940's. Part of the drop is due to introduction of instant coffee during the 1950's. Instant products now make up nearly one-fifth of total coffee consumption.

FURNITURE STAIN REMOVER

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

Look for products and services under the most common terms that describe them. You'll find them there or you will be referred to the heading where they are listed.

SAVE ON FOIL

Use aluminum foil to line a small baking pan for oven-baked chicken. Saves on washing up and economical too when the same foil is used to wrap the baked chicken for storage in the refrigerator. Use in the same way for baking fish.
