It's easier to understand
and jot down numbers too,
if they are spoken in
sequence with pauses
between groups of numer-
als. For instance, in read-
ing aloud the telephone
number of our business of-
fice, we would say, Two
two four (pause) six two,
six one."

4 GOOD REASONS FOR
 HANDLING COMPLAINTS
 BY LONG DISTANCE

You can talk over matters at once
 promptness often prevents loss of a
 customer.

You can build closer relations with
 customers.

You can use tact in delicate situations.
 And because men talk more freely
 than they write, you can frequently
 trace the real reason for the com-
 plaint and prevent similar complaints
 in the future.

Have the right number
when you call. It's natural
to trust to memory but
when memory plays tricks
with a telephone number,
you're delayed. When you
are not sure of a number
won't you look it up in the

Here are some helpful hints.

1. See that all utilities have been disconnected or shut off (gas, electric, telephone, etc.)
2. Notify the milkman, paper boy or others who have been delivering to you regularly.
3. Notify the Post Office of your change of address.
4. Notify your insurance companies and secure records of transfer from school, church, bank, etc.
5. When you're in your new location have your change of address noted on your driver's license and automobile registration certificate.
