The Telephone Pioneers - Making Tomorrow's History Today

No ordinary stuffed toy, this Snoopy. He "talks"...to children locked in a lonely world of silence, often sparking a response that is the start of a miracle.

Snoopy is one of several projects sponsored by the Telephone Pioneers of America...an organization of telephone employees, active and retired, sharing a dedication to three principles... fellowship, loyalty, service. Fellowship with one another, loyalty to their industry, and voluntary service to the community. Their technical expertise has created many aids for the handicapped.

plains road safety to young children. In addition, the recorder activates a series of flashing lights attached to the frame of the bike during bicycle maintenance sessions.

He and other "talking" toys are invaluable tools for teachers and speech therapists attempting to communicate with autistic and retarded children. There's the beeping ball, horseshoe, liquid level indicator and puck, which allow the blind to participate in activities not previously possible for them.

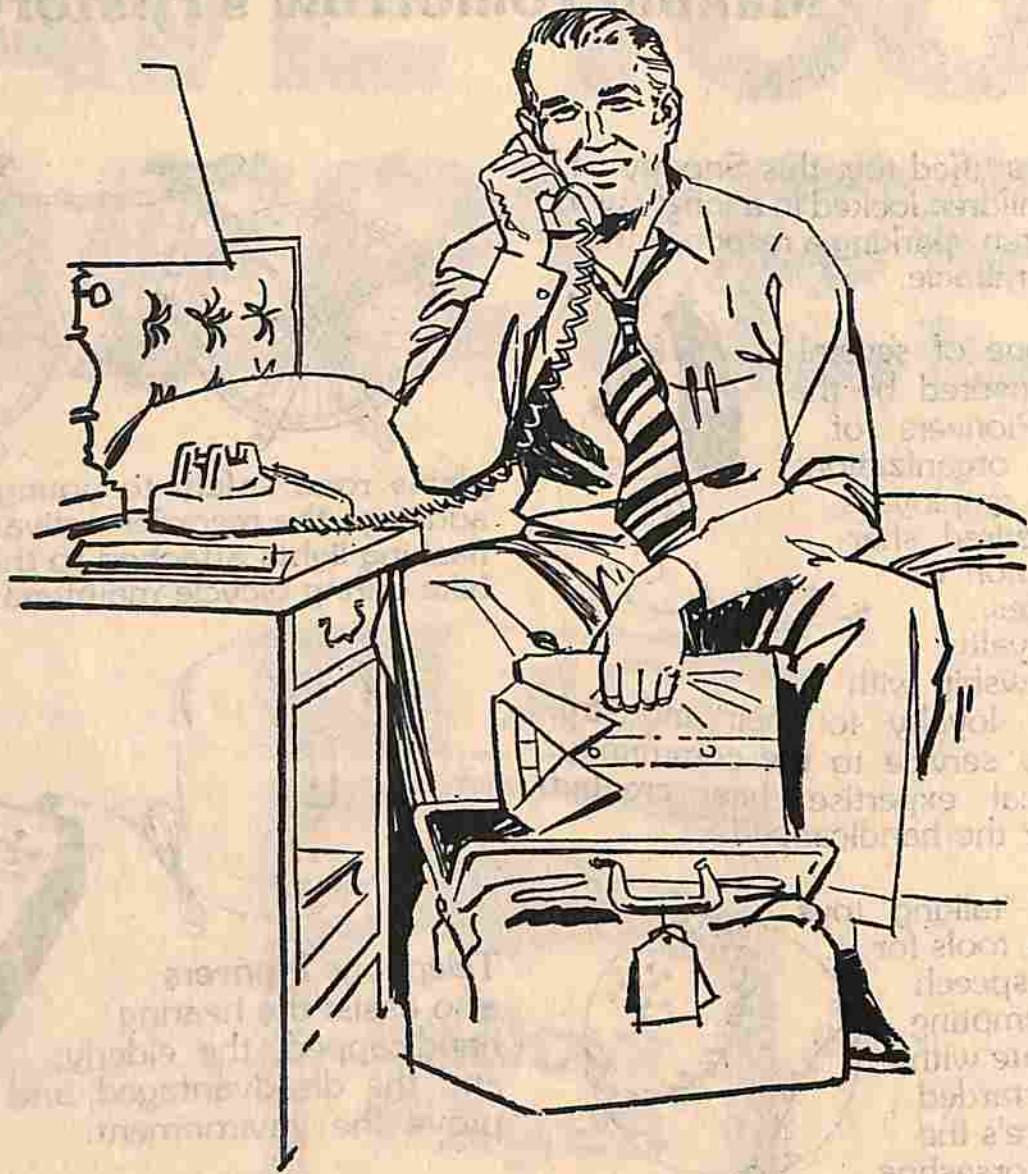

Telephone Pioneers also assist the hearing handicapped, the elderly, and the disadvantaged; and work to improve the environment.

They have also developed for various Police Departments "talking bicycles" which are used to promote bike safety and maintenance. The bicycle's "voice box" is a synchronized tape recording unit which is attached to the bicycle's frame and ex-

These are some of the contributions made by the Telephone Pioneers of America. The full story adds a proud chapter to the history of the telephone industry.

Get the right number first

Get it from the directory. If there's any doubt about it, look up the number before you call. It's mighty easy to get numbers twisted if you depend on memory alone. And since looking up numbers in the directory is so easy, it's a good way to save time in making your calls.

Hours of Service

Ask Customer Service or your Local Postmaster. Telephone information is listed in the White Pages under "Canada Post".

Don't Know Your Postal Code

Ask Your Local Postmaster

To assist you in conveniently obtaining the Postal Codes of others, Postal Code Directories are located in Post Offices and Postal Stations in your area. When you next visit your post office, use the opportunity to obtain any Postal Codes needed.

The Standard Letter . . . It's as easy as 1-2-3!

The Standard Letter means the best possible level of postal service — and the most economical postal rates. The Standard Letter — your best value.

1. Size

Envelope must be rectangular and fall within sizes shown:

2. Thickness

Thickness not to exceed 5 mm (3/16").

Changing Address?

1. The Postal Code is part of the street address, so leave your old code behind — there's a new one waiting at your new address. To find out what your new code will be, call your local Postmaster. The best time to call is as soon as you know your new address.

2. Canada Post will provide you with as many Change of Address Announcement Cards as you need. Simply fill them out and mail them to everyone who sends you mail: friends, relatives, magazines, utility companies, banks, credit accounts, etc. You'll enjoy uninterrupted mail service if everyone knows your new address (including Postal Code).

When you move, make sure that your mail moves with you !

3. For a small service fee, Canada Post will automatically redirect your mail to your new address, beginning the day you move in. Remember, though, that this service doesn't notify your correspondents of your new address; use Change of Address Announcement Cards for that.

3. Addressing

The Forward Address must include the Postal Code.

Your Return Address goes here. And don't forget to include your Postal Code. It helps others to know your code.

The Forward Address, including the Postal Code, goes here. The Code should appear as the last item of the address, on a line by itself.

Leave at least a 19 mm (3/4") blank space along the bottom of the envelope for machine handling.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

People who are ready to buy turn first to the Yellow Pages. If you have something to sell or a service to offer, here's the place to tell about it. The "Yellow Pages" places your name, address and telephone number before the buyer at the very moment he wants your product or service. Call the business office for information.

If you dig a little or dig a lot — please call us before you do.

4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE

You can talk over matters at once
promptness often prevents loss of a
customer.

You can build closer relations with
customers.

You can use tact in delicate situa-
tions. And because men talk more
freely than they write, you can fre-
quently trace the real reason for the
complaint and prevent similar com-
plaints in the future.

Behind on orders? Let
handy YELLOW PAGES
introduce the suppliers
you need. It's fast convenient.

Wise buyers say
there's nothing like the
YELLOW PAGES of your
telephone book for getting
in touch with almost every-
one around who sells
things, fixes things, does
things. Try the YELLOW
PAGES once . . . you'll use
them often.
