It's easier to understand  
and jot down numbers too,  
if they are spoken in  
sequence with pauses  
between groups of numerals.  
For instance, in reading  
aloud the telephone  
number of our business  
office, we would say, Two  
two four (pause) six two,  
six one."

Keep watching the dial . . .  
 and you'll dial accurately.  
 Remember to pull the  
 finger all the way to the  
 stop . . . let the dial return  
 at its own speed. Speeding  
 up or slowing down the  
 dial's return may interfere  
 with perfect operation of  
 the equipment for you.

**WHEN YOU'VE SPOTTED WHAT YOU WANT...**

... Tell the Businessman how you found him.

Tell the butcher, the baker, the patio-maker, "I found you in the Yellow Pages." That's happy music to the well-tuned ear of any businessman who's always eager to know just how folks happen to do business with him.

And when you tell him, don't expect him to look surprised... just pleased... pleased to hear once again the refrain that tells him modern folks like you know it's smart to shop the Yellow Pages way.

#### 4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once  
promptness often prevents loss of a  
customer.

You can build closer relations with  
customers.

You can use tact in delicate situa-  
tions. And because men talk more  
freely than they write, you can fre-  
quently trace the real reason for the  
complaint and prevent similar com-  
plaints in the future.
