Keep watching the dial ...  
and you'll dial accurately.  
Remember to pull the  
finger all the way to the  
stop ... let the dial return  
at its own speed. Speeding  
up or slowing down the  
dial's return may interfere  
with perfect operation of  
the equipment for you.

**HANDY**-these Yellow Pages will tell you where you can buy 'most anything.

**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can use tact in delicate situations.
- 3 You can build closer relations with customers.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.

Tell the butcher, the baker, the patio-maker, "I found you in the Yellow Pages." That's happy music to the well-tuned ear of any businessman who's always eager to know just how folks happen to do business with him.

And when you tell him, don't expect him to look surprised... just pleased... pleased to hear once again the refrain that tells him modern folks like you know it's smart to shop the Yellow Pages way.

Keep watching the dial . . . and you'll dial accurately. Remember to pull the finger all the way to the stop . . . let the dial return at its own speed. Speeding up or slowing down the dial's return may interfere with perfect operation of the equipment for you.

## IT'S IN YOUR BEST INTEREST TO CHECK FIRST

If you plan to build or have to excavate, you can avoid accidental damage to cables by checking first.

Before digging starts, Dial "0" Zero & ask for Zenith 07128 (No Toll Charge)

For your own protection and your neighbours', it pays to make sure you are on "safe ground." A severed cable may put hundreds of telephones out of service.
