4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE
 You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

DON'T KEEP IT A SECRET!
Tell the ready-to-buy people
about the products and services
you sell.

stop the "hot ones"

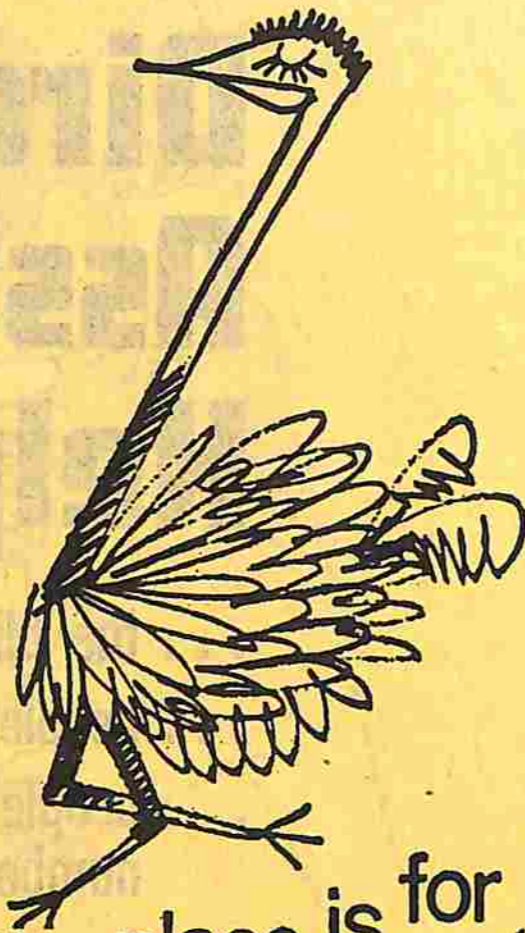

Hot prospects, that is. And what could be hotter than the prospects who turn to the Yellow Pages as their buying guide. These are people who are ready to buy a product or service and are just looking for someone to buy it from. Be there with your sales message when they're looking and stop 'em while they're hot.
