*AGT Phone Centre
puts you in touch,
with style!*

***F**ind a wide selection of quality products backed by the first name in personal service, at any of the convenient AGT Phone Centres listed on Page 23 of this guide.*

A World of Choice and Quality

They're all here. Classic phones — contemporary phones — colorful phones. Phones to match every decor — to match every mood — and quality that speaks for itself. Choose from the largest selection in Alberta. You'll find fashion phones — functional phones — fun phones. From cordless convenience to clock/radio phones, we offer you a world of choice.

You'll even find phones that work as hard as you do, with built-in features like speed calling and automatic re-dial. Plus answering machines. Pocket pagers. Accessories. All designed to make your life a little easier, all backed by our comprehensive warranty.

*Call On Us
1-800-522-4110
Toll Free*

Even though your new phone comes with a **minimum one-year warranty**, chances are you'll never need to use it! All our products meet high standards — and they must pass our own vigorous tests for quality. If you do require repairs, we'll provide a courtesy phone where available.

Of course, you can change your mind! We offer a **10-day refund or exchange** on all purchases brought back within 10 days in like-new condition, with the original packaging.

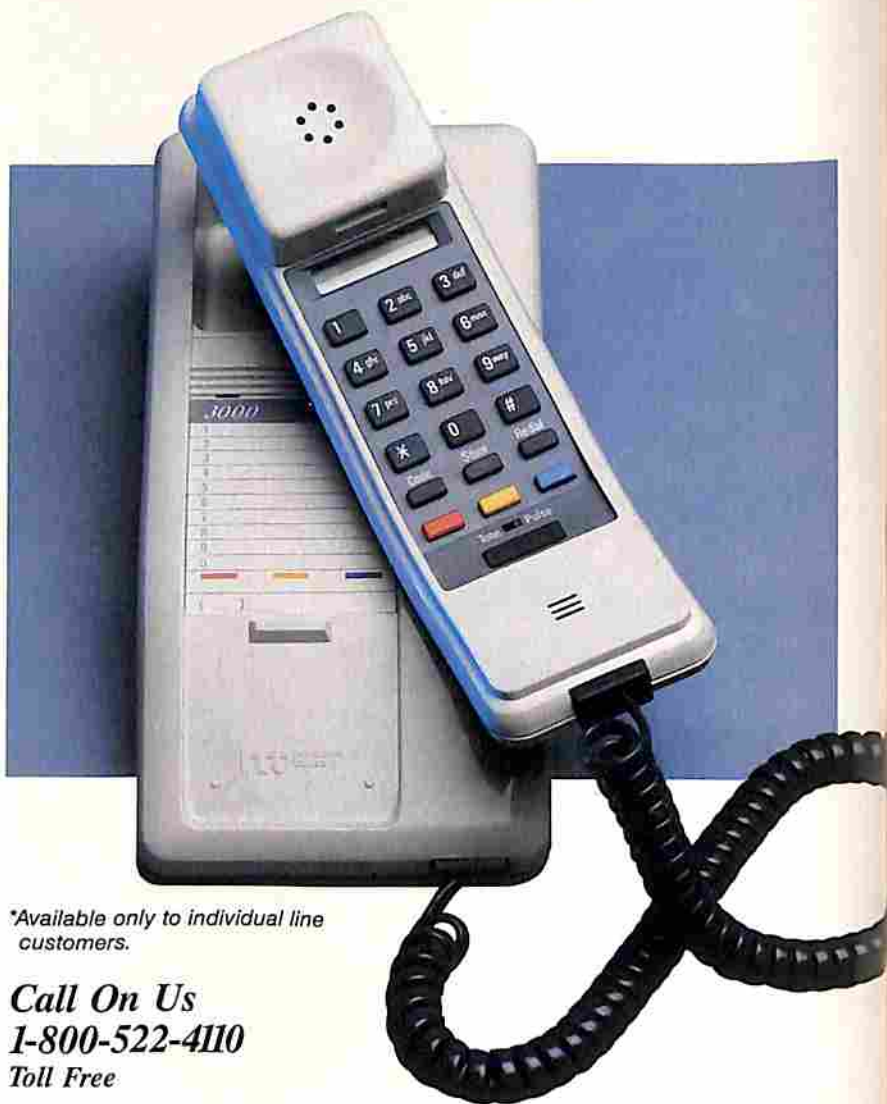

Touch Tone — The FAST Phone

Many phones have buttons — but only Touch Tone* gives you instant contact. While the others make you wait, Touch Tone lets you hear the tones as you tap the numbers. And when you finish, you'll hear the phone ringing.

In the not-too-distant future, Touch Tone will enable you to enjoy convenient services like banking and shopping by phone. Ask for your Touch Tone line and Touch Tone phone at your nearest AGT Phone Centre.

**Available only to individual line customers.*

Toll Free

Custom Calling Services

Bring out your phone's hidden talents, with any or all of these Custom Calling Services*:

★ **Call Forwarding** — No more waiting for important calls. You simply "program" your phone to forward your calls to you, anywhere in your local calling area.

★ **Call Waiting** — Just like two phones in one. When you're on the phone, a soft beep tells you someone else is trying to reach you. You put the first caller on hold, while you answer the second call.

★ **Speed Calling** — Gives your phone a memory of its own. Program eight or 30 numbers into your phone's memory, then dial them with a one or two-digit code.

★ **3-Way Calling** — Gives you a Conference Phone. Three people on three separate local or long distance lines can talk together on one call.

**Available to individual line customers only. In some areas, these services may be limited or unavailable.*

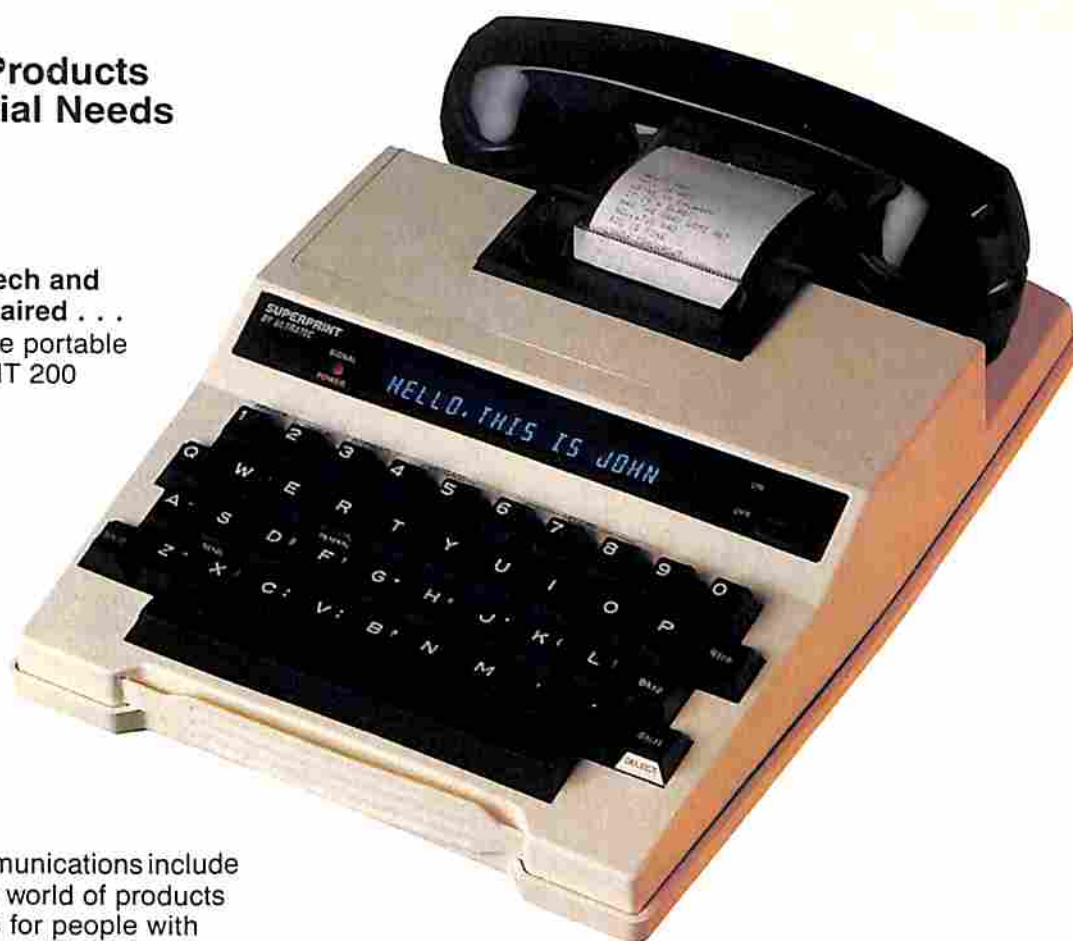

The Place To Shop

Let your fingers do the walking through our giant shopping centre — AGT Yellow Pages — and find the stores, shops, businesses and services you need today . . . everything's at your fingertips!

Explore AGT Yellow Pages from "A" to "Z". We've got you covered!

*AGT keeps people
in motion, in touch
with the world.*

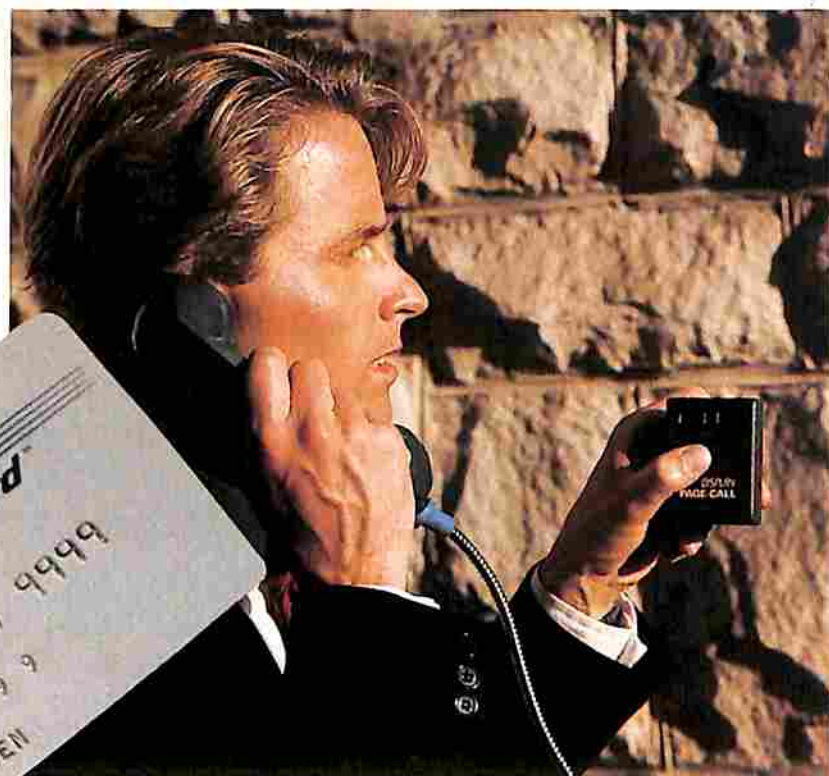

Stay on top — by keeping in touch. Call on us for products you can count on, and service that keeps up with your needs. Maintain constant contact with your world, whether you're travelling across town, across Alberta, or around the world.

FREE AGT Calling Card™ The Snappy Little Travelling Companion

Calling long distance on a phone away from home is a snap with FREE AGT Calling Card. You just bill your call to your AGT Calling Card number. It's that easy!

TM — Trademark of AGT/Telecom Canada. AGT Calling Cards are issued at the discretion of AGT.

Convenience Calls!

Down the highway — in the mall — on the corner. Wherever you are, convenience is as close as a public phone! No matter how you'd like to make your call, we make it easy — with coin phones, Charge-A-Call phones and Card Phones that accept your AGT Calling Card, VISA and MasterCard!

PAGE-CALL Keeps You on Top of Your World

When you don't want to lose touch — and you can't afford to be tied to the phone — AGT PAGE-CALL is the perfect answer.

Tone Paging

PAGE-CALL will help ensure you never miss another message — or another opportunity. With AGT's province-wide service, you can be located in every major centre in Alberta. Get your important messages by tone, silent paging, or by flashing LED signal in a variety of compact, lightweight pagers.*

Tone Pagers Compact — convenient — lightweight.

Display Pagers*

No more guessing games. Display shows you who's calling, and how urgent the call is.

AGT gives you unlimited paging at one monthly rate, a rent-to-own plan, and an extended warranty. Plus we'll provide a loaner during servicing of all pagers purchased from AGT.

**In some areas, tone and display paging is unavailable.*

Engineered Mobile Systems

The Designer Fit

No two businesses operate in precisely the same way or have identical communications needs. AGT specializes in designing systems that fit your specific needs. No matter what the system size or the complexity of your requirements, we will design, implement, test and service a personalized solution for you.

From specialized office complex communications to province-wide fleet coverage, engineered systems are designed to fit the way you do business.

Two-Way Mobile Systems — Your Private Network

Get a competitive edge with a private mobile system:

For fleet operations

Keep drivers and dispatchers in constant contact for better coordination. Eliminate backtracking and deadheading. Save time — save mileage — save on overtime.

For field operations

Improve safety and control, with a system customized for your operation, with the right coverage area and the right equipment choices.

Do More With TACT

(Telephone Access Control Terminal)

TACT gives you a direct link within your coverage area to the regular telephone network through your private system. It also offers programmable options such as Call Forwarding, Speed Calling, paging, and remote control capability.

Protect Your Property With ARU

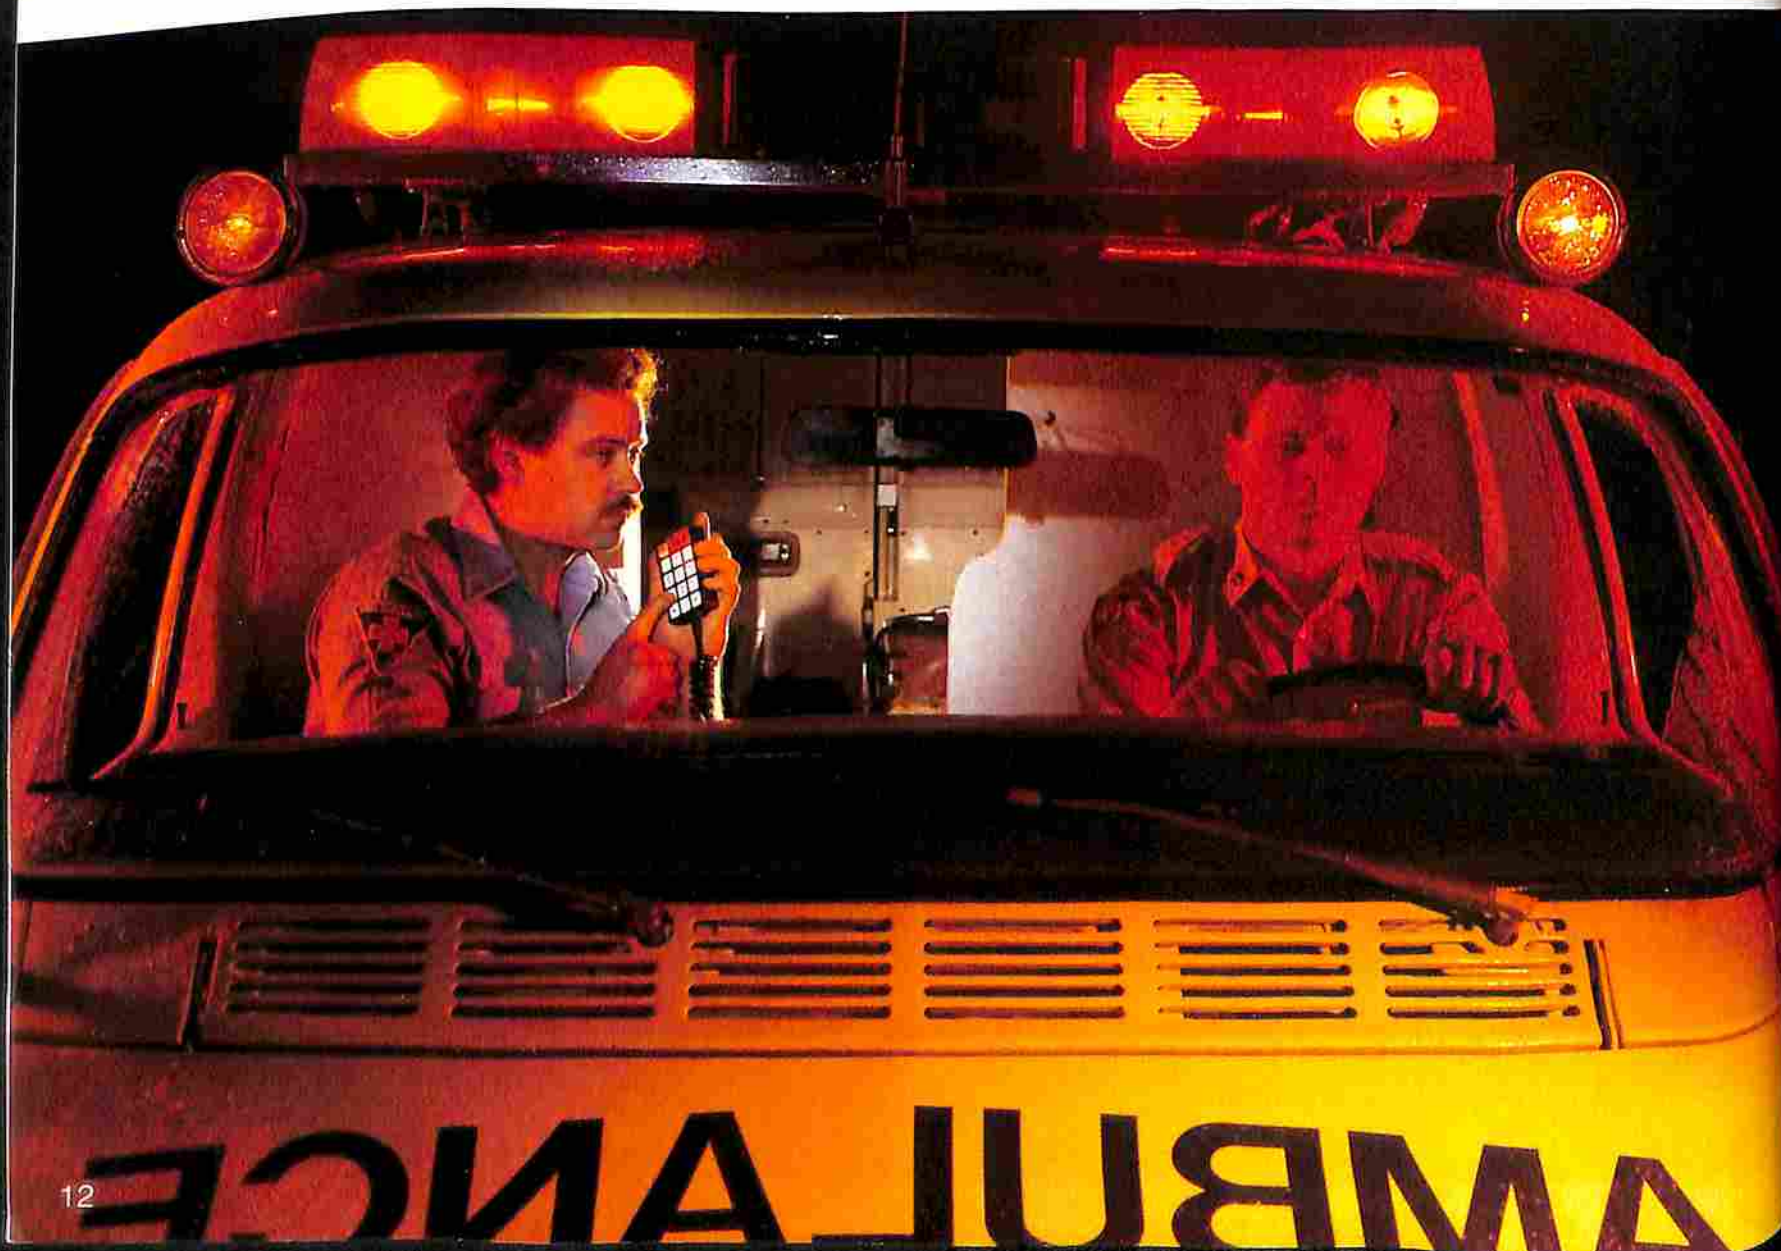

(Automatic Reporting Unit)

This electronic "guard" watches over your job site, pipeline, office building — even your home. Custom-programmable ARU monitors up to eight conditions — from water pressure to unauthorized entry. If there is trouble, the Unit calls up to four pre-programmed numbers and reports the problem in a synthesized voice. No tapes to break or tangle.

*AGT puts business
in touch with customers,
effectively!*

Put your finger on the potential that lies in your most powerful business resource. Your telephone! Maximize the benefits of your existing communications system — put AGT Long Distance to work for your business. Direct, immediate contact gets results fast. Improve customer service — establish new markets — build sales and boost profits — all without leaving your office.

Improve Your Profitability Build Business With Telemarketing

AGT Long Distance can be your most productive sales and marketing tool. Use Telemarketing to cut the cost of sales calls, create and qualify leads, expand into new markets, improve service and inject new life into inactive accounts.

We'll show you how to establish your own Telemarketing Centre. AGT's competitively-priced Telemarketing courses will help you set up a Telemarketing Centre or get higher results from your existing program.

Improve Cash Flow With Telecollections

When you're not in town, you're probably last in line on a payment schedule. Use AGT Long Distance to manage your receivables and collect overdue

accounts. We can also show you how to speed up credit checks and improve your cash flow . . . all by Long Distance.

Long Distance Puts Customers In Touch With You

800 Service

AGT gives your customers direct, toll-free access to you, your products and your services. Open new markets — expand existing markets — create cost-effective sales opportunities anywhere in North America without the expense of opening new offices or adding sales staff.

Remote Call Forwarding

Go one step further — have a local phone number in an out-of-town location in Canada or the U.S. answered in your present office. Establish a local presence — without the overhead of a local office. Save time and expense by servicing a new town without leaving your desk.

AGT Long Distance Keeps You In Touch With Your Customers

WATS (Wide Area Telephone Service) Get direct, controlled access to your customers and suppliers through AGT Long Distance. Choose the WATS calling area most appropriate for your needs, whether you want contact throughout the province, across Western Canada, or across the country. Keep in touch for less with WATS.

Direct Business Lines
Improve service to your major clients and streamline inter-branch communications.

Increase your effectiveness and your efficiency, while you control your communications budget with one fixed rate:

- Your **Foreign Exchange Line** lets you operate in another city without opening an office. With a local listing, customers reach you without paying Long Distance charges. And you can make unlimited calls to that city for the same flat rate.

- Your **Tie Line** connects your office branches by bringing together two or more switchboards.

- Your **Off-Premises Extension** links your main office to a job site, whether it's across the province or across the city.

- Your **Private Line** gives you instant and direct communications between any two locations, 24 hours a day.

Meet More Often, Get The Decision You Need — Now!

Why waste the whole day for a one-hour meeting? Use AGT Long Distance to hold a business conference — without holding up your business!

Teleconferencing means you can all get together to get to the heart of the matter, to solve problems and make decisions quickly. With a teleconference, you improve productivity.

Video Teleconference puts everyone in the picture! Ideal for explaining detailed information and complicated issues, a video teleconference joins two locations with two-way sound and video. You can gather opinions quickly, establish group dynamics, provide instruction to a number of people, or make a high-impact presentation using graphics and visual supports.

The Place To Be — The Place To Look

Help Customers Find You In The AGT Yellow Pages!

In today's competitive marketplace, you can't afford to be left out of the Yellow Pages, where customers who are ready to buy look for you. In fact, 97% of all Albertans use the Yellow Pages an average of six times a month.

Our professional sales staff is ready to help you design a Yellow Pages advertising program — whether you want your message to appear in any or all 19 AGT Directories in Alberta — or any Yellow Pages Directory in North America.

Talk to us! We're ready to help you with business-building ideas — and we can supply you with Directories from across North America. To put your message where customers look for you, or to get more information, call us collect!

Calgary: 231-7187
Sherwood Park: 467-6611

AGT puts business in touch with powerful communications solutions.

Today, you require even higher levels of productivity and efficiency to increase your profitability. We will provide you with the communications systems you need to improve your performance.

With sophisticated business systems, you get powerful communications capabilities to make the most of existing staff and resources. With AGT, you get customized solutions to help you do business more efficiently — and expertise you can count on whether your needs are local, national or global.

Phone Systems And Services For Medium And Large Businesses

No risk rental!

CENTRON

Get all the advantages of a full-feature phone system, without making a capital investment.

CENTRON's rental phone lines give your company more than 200 time and money-saving features. And because you're renting, we look after all maintenance and service.

CENTRON may not be available in all centres or to all sizes of business at the present time.

For Companies Moving Up

SX 50

This digital PABX includes powerful electronic phones, and grows from 20 to over 100 extensions. Flexible and reliable, the SX 50 is built by MITEL for companies like yours.

SX 200D

The best-selling, simplest digital system of its kind. For organizations of 40 to 400 people.

Advanced Digital Voice And Data Switching

Meridian SL-1

Computer-controlled system integrates voice and data, provides over 200 features. For businesses using 40 to 5000 lines, Meridian supports a full range of digital phones. Special feature packages available for specific businesses such as hotels and motels.

Programmable Power

Meridian Digital Phone

For professionals who depend on voice communications and have growing data communication needs. Combines flexible, programmable voice features with cost-effective data communications capabilities.

Choose The Phone That Meets Your Needs!

Superset 3

Answer a call without lifting a finger! Programmable for 12 speed dial numbers. Last number re-dial. Call waiting signal. Compatible with the SX family of systems.

Superset 4

Send messages to other Superset 4's. Hands-free operation. Display screen shows messages and call status. Ideal as the reception phone.

The Great Communicator

Displayphone 220

Your telephone and computer terminal come together in one powerful unit — giving you simultaneous voice and data transmission capability. You have complete access to your office computer systems, external data banks and electronic message services.

Put It All Together With Meridian Lanstar Data Modules

Add data switching capabilities to your Meridian SL-1 switchboard system. You choose the mode — asynchronous, synchronous, or both — and we'll tailor the system to your needs.

Messaging — How Word Gets Around!

Integrated Voice Messaging System (IVMS)/EXTEN

The messaging system that saves you time! When you're out, unavailable or concentrating, IVMS and EXTEN field all your calls. Callers leave messages in their own voices — even confidential or lengthy information they wouldn't want to give to the receptionist. You get all your messages, when you're ready for them.

*Available with Mitel and
Northern Telecom
systems, and through
the members of
Telecom Canada.*

Unity I, Unity II, Unity Plus

Add features as you need them. Unity phones are designed to work with PABX and CENTRON systems — and they're fully modular to accept add-on units and special handsets.

Starset and Danavox Headsets

Ultra light — comfortable — and convenient for people who are always on the phone.

AGT puts business in touch with powerful data networks.

Data networks now cover the province and span the globe. To meet the needs of business, many of these "data highways" integrate voice, data and video capabilities. AGT digital data networks have tremendous accuracy, security and reliability.

Of course, data networks are only part of the picture. We have the talent and the technology to design and assemble complete data communications solutions. We can help you develop the profit potential of your equipment by integrating it within an entire network. Or bring isolated systems together to share information. We package the right equipment and the right service — for businesses ranging from data-intensive multi-nationals to personal computer users.

AGT Puts You In Touch With Advanced Technology

To profit from today's voice and data solutions, let an AGT data communications specialist

review your needs and recommend the right system for your business.

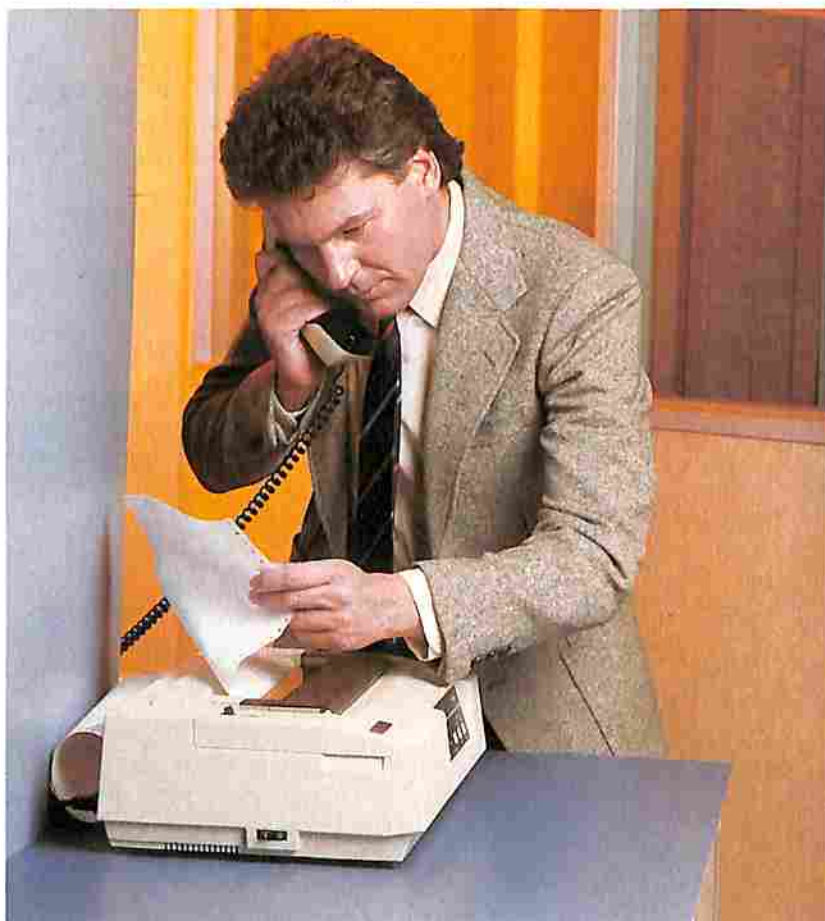

Improve Your Data Transmission Efficiency

Data Networking Devices from AGT let you reduce equipment costs, improve system throughput, and increase system reliability. Combine several data transmissions into one line with statistical or time division multiplexers. Our portfolio also includes packet assemblers and disassemblers, Data PABX systems and protocol converters.

Modems and Line Drivers for applications from data entry terminal connections to high-

speed computer-to-computer communications. Top quality comes at a competitive cost, with modems, line drivers and digital network access units from General DataCom, Gandalf, Motorola, Codex, UDS, and Develcon.

Auxiliary Devices — we'll help you develop an attractive and cost-effective solution with data cabinets, switches, cords and cables — everything you require for your data centre.

Plug In To Power With Data Terminals

We offer IBM-compatible Telex synchronous and C.Itoh asynchronous data terminals to help you get the most from your investment in almost every mainframe, almost every mini-computer.

Printers — Clearly The Best Quality, At The Best Price

We can match your computing system with a dot matrix, daisy wheel or laser printer from C.Itoh or QMS.

Transmit Data in Alberta At Low Cost

AltaNet gives you dedicated transmission of data throughout the province. Digital lines offer higher speeds and much higher reliability than analogue services. AltaNet now reaches many of Alberta's smaller centres — and it's still growing!

CityNet gives you cost-efficient, extremely high-speed dedicated digital data communications. Point-to-point service reaches all areas within the City of Calgary with no distance limitations.

Get Megasavings On Medium To Large Transmission Applications

Megastream high capacity digital service handles your integrated voice, data and video applications. Because the flexible network capacity is matched to your usage pattern it delivers substantial savings.

Megaroute offers savings to customers with very large communications requirements, and who want to own their own communications terminals. High capacity integrated voice, data and video services are available only in large bandwidth applications.

Reach Over 100 Canadian Centres At A Fixed Monthly Cost

Dataroute provides reliable and accurate data transmission between locations in different cities. Designed for secure,

continuous transmission, 24 hours a day. Add 90 U.S. locations to your system with Dataroute International.

For Occasional Use Of Data Transmission Services

Datalink gives you the advantage of nation-wide digital network services — without the cost of a full-time facility. Economical for batch terminals, digital facsimile devices and communicating word processors, because you only pay for the time you're connected.

For Frequent, But Not Continuous, Data Transfer

Datapac (Packet switch network) is designed for you if you transmit data frequently, but not often enough to warrant having a dedicated line. This pay-as-you-use service provides access to more than 80 Canadian centres, with international connections available.

The New Way To Communicate — Fast, Universal!

Envoy 100™ Canada's leading public messaging service lets you compose, edit, send, receive and store messages. Maximum flexibility — minimum cost. Puts an end to the paper burden, and eliminates telephone tag!

Envoy Post Send an electronic message across the country — even to someone without a terminal! Canada Post will transcribe and forward your messages within one business day.

A World Library Of Information, As Close As Your Phone

iNET 2000™ Dozens of public data bases are just a command away. You'll have three electronic directories — so you can reduce search time, bring up data on screen, and reduce costs. Data processing capabilities mean you can retrieve, record, edit, and store information. iNET also gives you electronic mail.

Call On Us 1-800-432-1800 Toll Free for Service

Our toll free number is your one call source for the answers to your telecommunications needs . . . no matter what size of business you operate. Dedicated staff are waiting to help you during regular business hours when you call any of the toll free numbers listed throughout this guide.

Team up with AGT and you're backed by Alberta's largest service and support network. We constantly test prototypes and new product lines to ensure they meet our exacting standards for quality — reliability — and serviceability.

Only AGT offers you a full choice of service options. Our experienced staff provide on-site servicing or equipment may be brought in to our service departments throughout Alberta. As well, we'll work with you during the pre-planning stages of building development to integrate communications systems and avoid costly post-construction problems. Or re-wire your existing building for the communications systems of today — and tomorrow!

To get in touch with leading edge communications and world-class customer service, call on us!

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once.
Promptness often prevents loss of
a customer.

You can build closer relations with
customers.

You can use tact in delicate situa-
tions. And because people talk more
freely than they write, you can fre-
quently trace the real reason for the
complaint and prevent similar com-
plaints in the future.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
