4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

OVER 1,400 CENTRES WORLDWIDE

Telephone lines. They're essential to a community. Make sure you don't cut them off. Always phone for their location before operating excavation equipment...or even digging in your back yard. That way you'll avoid the dangers and disruptions that could cost more than money.

2 working days notice required. Call two working days in advance of any excavation to have the underground location of telephone service on your proposed site marked.
