Telephone service is a friendly service. The people who operate and maintain it take a genuine satisfaction in serving you pleasantly and well. People who use the telephone a great deal find that friendliness is an instinctive habit. The telephone helps folks to know each other better.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

Think it over,
the decision
becomes clear...

**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

You can talk over matters at once.
Promptness often prevents loss of
a customer.

You can build closer relations with
customers.

You can use tact in delicate situa-
tions. And because people talk more
freely than they write, you can fre-
quently trace the real reason for the
complaint and prevent similar com-
plaints in the future.
