Meyers Norris Penny & Co. is a chartered accounting firm. Since our beginning in the 1940's our goal has been to serve our clients with the best accounting services possible. This means being available and accessible to each individual client to answer a simple question or assist in solving a complex problem. At Meyers Norris Penny & Co. we're concerned about our clients' welfare, and we're committed to helping them by providing all facets of quality and timely accounting services.

Historically, the role of the Chartered Accountant has been to help individuals prepare their taxes at the end of the year. This is still an integral role of the practicing Chartered Accountant. However, as society has grown more complicated, so have financial matters. Thus, the need for individuals to seek professional financial advice has become a necessity. Meyers Norris Penny & Co. recognizes this need and provides competent assistance and sound advice in the areas of taxes, accounting, auditing and management advisory services.
