Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Telephone service is a friendly  
service. The people who op-  
erate and maintain it take a  
genuine satisfaction in serving  
you pleasantly and well. People  
who use the telephone a great  
deal find that friendliness is an  
instinctive habit. The telephone  
helps folks to know each other  
better.

Telephone service is a friendly  
service. The people who op-  
erate and maintain it take a  
genuine satisfaction in serving  
you pleasantly and well. People  
who use the telephone a great  
deal find that friendliness is an  
instinctive habit. The telephone  
helps folks to know each other  
better.

**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
