Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

People who are ready to buy turn first to the "Yellow Pages™". If you have something to sell or a service to offer, here's the place to tell about it. The "Yellow Pages™" places your name, address and telephone number before the buyer at the very moment he wants your product or service. Call the business office for information.

Telephone service is a friendly service. The people who operate and maintain it take a genuine satisfaction in serving you pleasantly and well. People who use the telephone a great deal find that friendliness is an instinctive habit. The telephone helps folks to know each other better.
