Accountants
of Alberta

Unlike the traditional accountant who feels the best way to increase income is to penny-pinch your costs, Johnston Morrison Hunter & Co. (JMHC & Co.) is proactive, helping you generate ideas... great ideas that increase revenues and promote growth. You see, we are not an ordinary accounting firm... we are Results Accountants, members of the largest network of independent, leading-edge accountants in the world called "Results Accountants' Network."

Since 1916, people just like you have been coming to JMHC & Co. and that means you'll benefit from their experience. Over the years the team at JMHC & Co. has handled every type of financial accounting situation there is, so we'll know just what to do to help you. Let us give you a new level of support and strategies that will help you and your business grow. And if you want penny-pinching, we do a great job of that as well!

By the way, we are proud to be 100% locally owned... that means the reasonable fees you do pay will be reinvested right here in your community.

We're waiting for your call...

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Calling 9-1-1

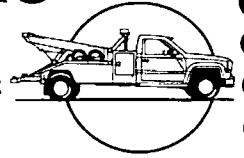

Each year, in Canada, over three million calls are made to emergency services by cell phone Samaritans.

When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.

Calling 9-1-1

Each year, in Canada, over three million calls are made to emergency services by cell phone Samaritans. When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.
