**Definition of "true security": Stealth Link® Radio Backup**

**For Less Than \$1 Per Day**

Stealth Link's® exclusive radio backup ensures your protection even when the phone lines are cut. If your security system only communicates through the phone lines - your system could easily be compromised.

Coupled with Stealth Alarm System's 24 Hour, ULC listed, monitoring station, your security is assured. That's the definition of "true security".

The system is FREE\* - the peace of mind is priceless!  
 \*Small monthly monitoring fee required - some conditions apply.

#### 4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
