4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Testimonial

Our company has had Cleanrite Services look after our janitorial services in our office for several years. We are very happy with the service. They continue to perform a consistently high quality service month in and month out. In my opinion they are a well managed and professional company. Well worth the price!
