Calling 9-1-1

Each year, in Canada,
over three million
calls are made to
emergency services by
cell phone Samaritans.
When calling 9-1-1 in
an emergency situation,
here are some
tips to keep in mind:

1. Advise the operator you are
speaking on a cell phone.
2. Give the operator your
10-digit cell phone number,
along with your full name.
3. Provide your exact location.
If you don't know the exact
location of the incident,
try to mention landmarks
or highway signs in the area.
4. Stay on the line until the
operator says it is ok
to hang up.
5. After you've hung up, leave
your cell phone on in case
the operator needs to call
you back.
