Safety tips for KIDS

Your key:

Keep your key hooked
onto you in some safe
way. Keep your key a
secret, even from your
friends. Nobody but your
contact person needs to
know that you are going
to be home alone. Your
parents will want to give
an extra key to your
contact person. Then if
you lose your key, you
can go to your contact
person for help.

PARENTS: Teach your children how to be safe
