EMERGENCY 24 HOUR PHONE SERVICE

HAT FURNACE & DUCT CLEANING LTD.

RESIDENTIAL • COMMERCIAL • INDUSTRIAL

WE ALSO DO FIREPLACES AND CHIMNEYS

1. We connect an industrial power vacuum truck capable of moving thousands of cubic feet of air per minute through your furnace and duct system.
2. We then perform a thorough point-by-point cleaning of the entire furnace system using compressed air and a special reverse air line tool, forcing the debris back to the truck.
3. Finally, the furnace fan and system components are cleaned, inspected and re-installed.
4. During every service, we also perform a comprehensive multi-point system check and lubrication service.
