

# THE YELLOW PAGES EXPLAINED

The headings in these Yellow Pages are arranged alphabetically. Business and professional people are listed under the heading which best describes their line of business: Services they perform, or the Products they sell.

Many professions and businesses can be known by more than one finding or descriptive word, e.g., **Hairdressers—Ladies'** and **Beauty Parlors**. In these cases, one of the words (or terms) is used as a classified heading under which businesses are listed, and the other is used as a cross reference heading to direct users to the proper finding word, for example:

## **Hairdressers—Ladies'**

See Beauty Parlors

There are also heading classifications, which, though closely related, are not identical in meaning, and are indexed separately, e.g., **Lumber—Retail** and **Lumber—Wholesale**.

All listings and information space which appear in columns under headings are arranged in alphabetical order. Products and Services carrying identifying brand names, many with an emblem or insignia, are arranged in alphabetical order by the brand name at the specific product or service heading. Display advertising is compiled in relation to the service or product heading.

### CLASSIFIED HEADING

#### LISTINGS

All business or professional people are entitled to a listing like this under a heading which best describes their activities.

Some advertisers wish to call more attention to their firm names by purchasing listings in bold face type like this—

Other advertisers purchase a line of information like this.

### TRADE MARK HEADING

This is one of three forms of advertising used to identify authorized dealers or service outlets. It includes the use of an identifying trade mark symbol.

Authorized listings appear alphabetically in bold face type or light face type.

### TRADE NAME LISTING

This is a modification of the trade mark heading and no identifying symbol is used. Name of the product appears in bold type. The authorized distributor's (or dealer's) name is listed in special type. The authorized listings appear alphabetically.

**IT'S IN YOUR BEST INTEREST TO CHECK FIRST**

If you plan to build or have to excavate, you can avoid accidental damage to cables by checking first.  
 Before digging starts, Dial "0" Zero & ask for Zenith 07128 (No Toll Charge)

For your own protection and your neighbours', it pays to make sure you are on "safe ground." A severed cable may put hundreds of telephones out of service.
