EXPLOSION IN OVEN?

If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

CAN YOU TIE THIS?
To keep the string from loosening on a package, wet it before you tie the package. String will shrink as it dries.

NEWSPAPER FIREWOOD
 To make a small grate or stove
 fire, or to kindle a big one, use old
 newspapers which have been rolled
 up tightly, soaked overnight in
 water, squeezed out and allowed
 to dry for several days. The tighter
 they are squeezed, the better fire-
 wood they make.

QUICK BRASS CLEANER
 You can clean copper and brass
 instantly by rubbing with a mixture
 of vinegar and salt. The finish
 won't last as long as with regular
 metal polish, but the mixture does
 a fine job.
