DIAMOND RING LORE

The diamond, symbol of love, is worn on the fourth finger of the left hand because it was once believed that the vena amoris, or vein of love, ran from this finger directly to the heart. The English Prayer Book of 1549 specified that the marriage ring also be placed on the left hand.

QUICK, FOR CLOTHES CARE

Colors of clothing can be altered from foodstuffs, cosmetics and perspiration that have been permitted to stay in garments. These color changes often show in acetate fabrics where blue or green turn white, or dark blue or black turn red. These color changes can be corrected, if the professional drycleaner gets them soon after the soil. Otherwise, the color change may be permanent.

CARRY COLOR SAMPLES
When a wall is painted, have the painter paint the color on a small piece of board. Then take this with you when you look at draperies, furniture, rugs, pictures, etc., for that room.

SOUR CREAM MEASURE

Dairy sour cream is easy to measure. Because of its thickness, measure it in the same cup you use for dry ingredients.
