CORNBREAD TIP

To keep cornbread from sticking to baking pan, melt shortening in the pan and spread over bottom and sides of the pan. Set pan in refrigerator to firm up again. Pour cornbread to bake. The cornbread when baked can be removed easily and will not stick to the pan.

KNOW YOUR TEA?

A tea taster may be able to
 identify as many as 1,500 different
 teas. By examining a dry leaf, he
 can tell where the tea was grown,
 sometimes even the estate it came
 from, what time of year it was
 plucked, its probable taste and
 cost.

A HEAVY LOAD

Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.

MILDEW MAGIC

When clothes or household articles mildew, moisten stained spots with a mixture of lemon juice and salt, then spread in the sun for nature's bleaching. Complete the treatment with a thorough rinse and drying.
