FLAT BACON

Does your bacon curl up and shrink in the pan? Try this when frying bacon. Fry in regular frying pan but place bottom of another pan directly over the bacon itself — then put it over a low flame. Result — nice flat pieces of bacon.

**4 GOOD REASONS FOR
 HANDLING COMPLAINTS
 BY LONG DISTANCE**

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can use tact in delicate situations.
- 3 You can build closer relations with customers.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.

PAINTER'S TIP

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.
