PAINTER'S TIP

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.

EASE YOUR EYES

Seamstresses should take a few minutes off each half hour for the sake of their eyes. Close work over a long period of time can put a strain on eyes and one way to lessen the fatigue is to glance off into the distance for a moment every now and then.

CHEESE TIP
When cooking with cheese, keep the heat low to let cheese melt completely and spread through the whole dish. Cooking at high heat makes cheese tough and stringy.

MORE INSTANT COFFEE USED
Canadians are drinking less coffee,
or at least using fewer beans, than
in the late 1940's. Part of the drop
is due to introduction of instant
coffee during the 1950's. Instant
products now make up nearly one-
fifth of total coffee consumption.
